Rotary's Stag Huge Success
 With an announced objective of "getting the club members acquainted" the Rotary Club's stag party held last Saturday evening and Sunday has been pronounced a huge success by the thirty members who attended. The affair was held at the mountain cabin of President Charles V. Jones at Glenn Ranch.

This year there is no publication group, nor is there a journalism class. When asked the reason for this last being omitted, the journalism instructor claimed there was no co-operation in getting out a daily, and the printshop instructor has said in the past that the journalism class give him little or no co-operation.

A few weeks ago, it looked as though someone had practiced on Bob Tolson's skull. He had a scraped place under his left eye, his lip was cut, and he had quite a scrape under his chin where the helmet strap cut him when some big brute hauled on Bob's helmet in an attempt to unscrew his head.

Further indication of the increased efficiency of the Torrance high school is shown in the commendation of the authorities of Compton Junior College, which is the second stage of education for many Torrance graduates. Students there last year made such excellent showing in grades that Principal Thomas E. Elson was given permission to name two local students to receive scholarships at jaysce. A general scholarship has been awarded to Eleanor Smith, and several candidates are under consideration to receive a scholarship in music.

Observation of Constitution Day last Thursday took the form on an ad. call with an appropriate program. One of the features of the day was the visit of Louis Zamperini, graduate of the winter class of 1936, who was a member of the United States Olympic Games team in Berlin this summer. Louis was interviewed by Coach Bernard J. Dobahue for the benefit of the students, and gave an interesting review of his trip. Questions from the audience brought out some unexpected and amusing sidelights of Louis's Berlin tour.
